FUTURA AUTO

FUTURA AUTO - Designed for key cutters who want to enter the automotive key business. Futura Auto is the easy-to-use electronic key cutting machine with integrated tablet, developed for duplicating all types of car keys. It can also cut Bike, Car, Van and Truck keys, and most complementary keys used for petrol cap locks, glove boxes and roof racks. Futura Auto features the same unique, compact and practical design as the best-selling Futura range.

RW5 / SMART AERIAL PLUS

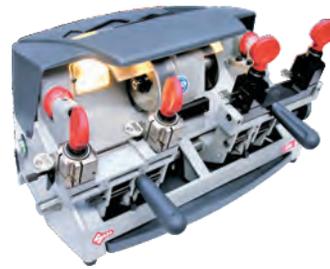

Silca RW5 & Smart Aerial Plus is the fast, easy solution & reliable to duplicate transponders for around 99% of cloneable vehicle keys in circulation, including ID46 and ID48. Cloning calculations are made using Silca proprietary servers to guarantee reliability, ensuring that the latest routines are always available and time-consuming software updates are avoided.

TWISTER II

Twister II is an easy to use, reliable and convenient mechanical key cutting machine delivering accurate and consistent duplicates of dimple, laser and Fichet® type keys. The machine provides a range of optional accessories for expanding its capabilities to tubular keys and to a wide range of vehicle keys.

DUO

MKCM for making copies of flat cylinder, vehicle keys and cruciform keys (left-hand carriage); bit & double bit keys and mail box keys (right-hand carriage). Duo is solid, reliable, accurate & is made of long lasting components.

SWIFT PLUS

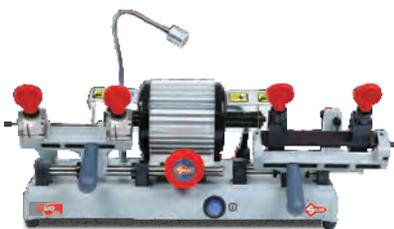

The mechanical key cutting machine for dimple, laser and tubular keys. Swift Plus is the mechanical key cutting machine for dimple, laser and tubular keys. Easy and comfortable to use and made with resistant and durable materials, Swift Plus is reliable over time ensuring quality cutting results.

FLASH 008

Flash 008 is the MKCM for flat cylinder and vehicle keys. It also cut cruciform keys, keys with long necks, tip stop and flip mechanisms. A fixing bracket allows the machine to be secured to the work-bench for better stability while cutting.

DUO LITE

Mechanical key cutting machine for - flat cylinder and vehicles keys and cruciform keys (left side carriage) - bit and double bit, mail box and ® special keys such as Abus and ® Abloy keys (right side carriage).

FLASH MOBILE

FLASH MOBILE is a professional Battery-Operated Mechanical Key Cutting Machine for Flat Cylinder & Vehicle Keys. It also cuts Cruciform keys and keys with long necks, Tip stop & Flip mechanism. Flash Mobile is easy to use, Battery operated machine having superior quality PCB and other electronic components. Lightweight, Durable & Compact, it is perfect for small shops and mobile use.
